

Platformsify Investor Pitch Deck

Date: October 19, 2025

■ Executive Summary:

Platformsify is a revolutionary all-in-one digital platform empowering creators, freelancers, and small businesses to build, monetize, and scale online ventures effortlessly. With AI tools, website/app generators, ecommerce features, automated marketing, and localized pricing—Platformsify democratizes technology for all users, from rich to poor.

■ Vision & Mission:

To empower individuals and businesses globally with accessible, transparent, and trustworthy AI-driven digital infrastructure that grows with them—ethically, affordably, and efficiently.

■ Market Opportunity:

- \$500B+ creator economy and digital services market
- Growing demand for no-code/low-code AI platforms
- AI SaaS adoption increasing across emerging markets

■ Product & Features (Phases 1–10 Overview):

- Phase 1: Website & App Builder + Payment Integration
- Phase 2: AI Copywriting, Branding, SEO
- Phase 3: Ecommerce tools, Subscriptions, Donations
- Phase 4–5: AI CRM, Analytics, Automation
- Phase 6–10: Marketplace, Talent Match, Courses, API integrations, Enterprise suite

■ Business Model:

- Subscription-based pricing with tiered plans: Starter £19.99/mo, Pro £49.99/mo, Business £79.99/mo, Enterprise Custom
- Dynamic Geo-based Pricing (affordable globally)
- Commission: 2%–9.5% depending on sub-tier
- White-label solutions for agencies and businesses

■ Differentiation:

- Ethical AI (not fake AI, no deception like Builder.ai)

- Truly No-code, Localized UX
- Anti-scam, Anti-fraud policies embedded by design
- Transparent commission structure
- AI failsafe models (support + manual override)

■ Traction & Strategy:

- Beta ready Q1 2026, 5K+ waitlist
- Community-based growth, ambassador program
- Local pricing, global partnerships (NGOs, micro-lenders)

■ Monetization & Expansion:

- Revenue from subscriptions, commissions, enterprise tools, AI services
- Expansion into underserved regions + creator hubs
- Talent outsourcing marketplace for additional revenue

■ Founding Team:

Seasoned digital entrepreneurs, AI researchers, and ethical technologists focused on transparent, global impact

■ Ask & Use of Funds:

- Seeking £1.5M seed funding
- Used for AI development, platform scaling, security, regional teams, and legal compliance

■ Return for Investors:

- Clear roadmap to profitability in 18–24 months
- Scalable model with recurring revenue streams
- Equity and revenue-sharing options
