Platformsify

Your Ultimate AI Marketplace for Digital Services

The Hook

AI is transforming industries and disrupting traditional jobs. Platformsify leverages AI to create new income channels for everyone, from gig workers to agencies.

Problem Slide

Current service platforms are expensive, outdated, and limit opportunities for freelancers and buyers alike. Users lack tools to compete in an AI-first world.

Solution Slide

An inclusive AI-powered digital marketplace that empowers all users — from poor to wealthy — to buy, sell, and automate services globally.

Product Slide

Our intuitive platform features:

- Geo-based pricing
- Commission-based subscriptions
- Smart service matching
- No-code tools and integrations

Traction Slide

Over 2,000 pre-registered users across 10+ countries. MVP launching Q1 2026. Strategic partnerships secured with key AI tool providers.

Business Model Slide

Revenue from:

- Tiered subscriptions (£0 - £199/mo)
- 1-9% commission on each sale
- Add-on AI tools and enterprise licensing

Market Slide

TAM: \$500B+ Digital Economy

SAM: \$75B AI-enabled Freelance Economy

SOM: \$2B — platforms targeting microservices with automation and AI tools

Go-to-Market Slide

Channels:

- TikTok, YouTube influencer campaigns
- SEO & blog content
- Partner integrations

Metrics: CAC = £10, LTV = £189

Competition Slide

We are different by design:

- Affordable
- Inclusive
- Fully automated onboarding & service creation

Competitors: Fiverr, Upwork, Builder.ai

Team Slide

Led by M.J. Uddin, experienced operator with background in digital platforms and automation.
Supported by dev, ops, and marketing advisors.

Funding Slide

Raising £250,000 pre-seed to:

- Complete MVP
- Acquire first 10k users
- Launch in UK, US, and South Asia

Already 10% committed
